

## **PAINTINGS BY HEATHER HEDENSCHAU**

I am a local real estate Broker and I discovered my passion for art!

My favorite subjects are local area landscapes, especially sunsets and sunrises!

Special people and animals and the human figure are also among my favorite subjects!

My prints are handmade and matted in Hawaii by the artist and it is a photo of one of my original paintings, using either oil or acrylic paints.

The artwork on this print; or any of my works of art, maybe custom printed and hand-signed in a limited-edition quality Glicee on stretched canvas and is available in various sizes. Inquire for pricing.

These works of art may be shipped anywhere in the United States.

Thank you for purchasing this little piece of Aloha from Hawaii!

Warmest Aloha,

Heather E. Hedenschau
