### Michael Cover Originals Custom Stained Glass

I have always been involved with woodwork most of my life and when I took up stained glass several years ago it was an easy marriage of the two. I do custom work to order as well as Hawaii based themes in my work. I use woods that are grown here on the island like Koa, Sugi, Lychee and many others. I strive to make all of my work original and unique. I am a retired law enforcement officer with 24 years of experience and now that I am retired I can use my creative side to enhance the lives of others through my artwork.
